### **Subgrant Abstract:**

The purpose and goal of the McKinney-Vento Homeless Education Grant at the New Durham School is to provide access to the After School Program for homeless students. This school has seen an appreciable increase in the number of homeless students over the last 5 years. In 2008-2009 nine homeless students were identified and in 2012-2013, 42 homeless students were identified. Homeless students have been unable to participate in the After School Program because there is no late bus to transport them 'home.' Their parents are frequently overwhelmed with the issues that have led to their homelessness and are unable to assist their children with after school activities and transportation.

The goal for New Durham School is to have homeless students access the After School Program on Tuesday and Thursday from 3:40 to 5:20. New Durham School will coordinate with the New Durham Library and the New Durham Parks & Recreation to provide enrichment activities; where students will have a nutritious snack, tutoring and/or homework help, an enrichment activity and most importantly transportation home.
